Five Photos: New Online Resource Launched

An online resource designed to encourage people to engage creatively with our collections. It aims to provide a mindful, social or reminiscence-based activity for those shielding or in care home settings.

Five Photos has been launched in partnership with [Arts in Care Homes](#), an initiative by the National Activity Providers Association (NAPA) a central hub for the delivery of arts and creative activities in thousands of care homes nationally.

The resource will be trialled early in the New Year so we can explore the viability of this new approach to engagement.
